## SUMMER CLUB

Once the school year is over it is time to enjoy sports and leisure activities whilst continuing learning English/Spanish. It is the moment to have a great time with our classmates, friends, brothers and sisters. For this reason, we have organised this Summer Club with lots of fun activities.

BSV in collaboration with Playedu has organised this urban Summer School trying to combine learning activities with fun and games. In order to achieve this, children will enjoy different activities such as team building games, sports, creative workshops and much more.

This Summer School will help students to strengthen social relationships and complement their development with the help of our highly qualified and trained instructors.
