No Matter

No matter the colour of your skin
You can always win!

No matter the colour of your hair
All can be fair!

No matter your shape
You're great!

No matter the colour of your eyes
You will always shine!

We're All Different, We're All Friends

I am clever, I am just like me!

I have lovely eyes, as you can see.

I love to eat ice cream, until I need a rest,

I can read tricky words, I always try my best!

You are playful, you are just like you!

You have a big smile and you're funny too.

You love to do colouring and you never stop,

You can speak great English, you always try a lot!

We're all different, we are just like us!

We have amazing teachers, we can't fuss!

We love to sing and dance, until the day ends,

Not that it matters because we're all friends!
