SUMMER CLUB

As summer approaches, it's the perfect time to switch off, have fun and, above all, be yourself. That's why we are introducing **'Express Yourself – Creative Summer Club'**, a Summer School where children can discover, explore and express who they are through art, movement and play.

Each week focuses on a different form of expression: art, rhythm, theatre and movement. Through creative workshops led by specialists (painting, batucada, theatre and dance), dynamic activities, cooperative games and outdoor experiences, participants will develop their creativity, confidence and social skills in a stimulating and supportive environment.

The programme also includes trips, water-based activities and special themed days, making each week a unique experience whilst maintaining a balance between fun, learning and emotional wellbeing. All of this takes place in an English immersion setting, tailored to different age groups.

Our aim is for every child to finish the summer with more than just memories: with greater self-confidence, new friendships, and the sense that they have been able to express themselves freely. A summer to create, share and, above all, be yourself.
